BECAUSE HER
IDENTITY MATTERS

made matchless online
biblical online courses for daughters and moms

Her identity matters

**Being a girl in today's culture is confusing.
But what if it didn't have to be?**

When I ask Christian moms what their number one fear is when it comes to their daughters, they all say the same thing:

"I'm afraid my daughter will walk away from faith in Jesus."

What if I told you there was more you could do besides praying and hoping for the best?

What if your daughter could have clarity and confidence in who God made her to be?

You and your girl are invited to a very special online course just for you.

A course for moms and their girls, ages 7 up through teen years to experience together...

"We Are Matchless"

Our Premium Online Course

A chance for you and your girl to joyfully discover & deeply understand your identity in Jesus Christ through...

- video teaching
- hands-on activities
- crafting
- journaling
- sharing

You'll do this...

- side-by-side, not just as mom & daughter but as sisters in Christ.
- at your own pace, when it works for your schedule.
- in your home by yourselves or in a group with other girls & moms.
- feeling confident in who God made you both to be.
- feeling relieved that you're equipping your daughter to face a hostile world through faith in Jesus Christ.
